

MAXWELL FIELD, ALABAMA

HEADQUARTERS S. E. A. A. F. TRAINING CENTER

Contact . . .

Maxwell Field, Alabama, one of the oldest of the Air Forces' many flying fields, was so named in honor of Second Lieutenant Wilham C Maxwell, an Alabamian, who met his death in an airplane accident while stationed in the Philippine Islands. The site of Maxwell Field was selected by Mr. Wilbur Wright for a flying school in 1910.

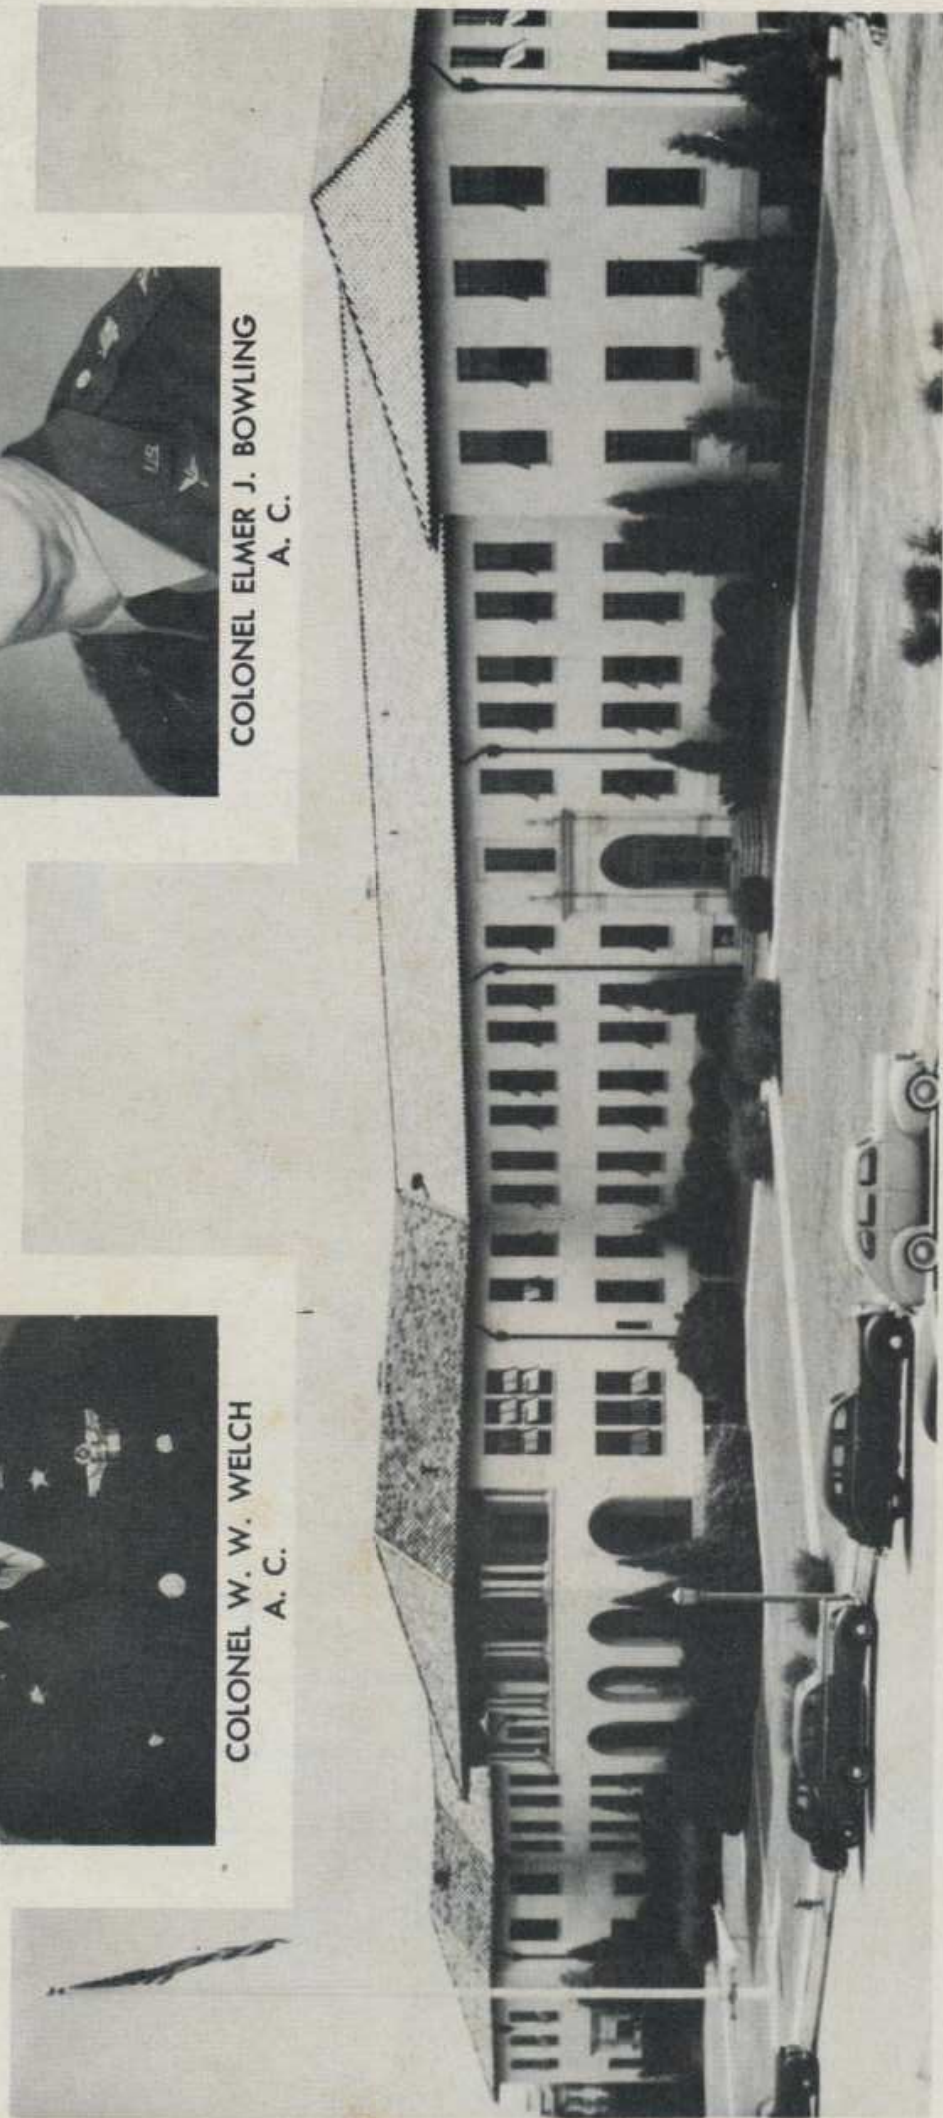

Maxwell Field is the headquarters for the Southeast Army Air Forces Training Center. Also located here is the Army Air Forces Preflight School (Pilot), where cadets are first inducted into the Air Forces. Here they receive training in the school of the soldier and other ground school subjects. Just recently the new Central Flying Instruction School has been added to this vast training center.
