COL. DONALD E. DEFFKE

**HEADQUARTERS
3303RD PILOT TRAINING SQUADRON (CONTRACT-FLYING)
BARTOW, FLORIDA**

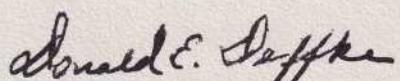

TO THE MEMBERS OF THE GRADUATING CLASS

I congratulate you for having proved to yourselves and to all of those who have faith in you that you have what it takes to become a success in your chosen career.

Although there are months of hard work ahead of you before your objective is accomplished, a vigorous application of the knowledge you have gained and the techniques you have acquired should make earning your pilot's wings a certainty. Long days and short nights flight checks and final examinations, Saturday inspections and weekend relaxation - all have enhanced your determination to be successful.

It is with pride that your instructors and supervisors, both civilian and military, confidently send you on to the next phase of your training. Your continuing success will be a matter of close observation by all personnel of Bartow Air Base.

Farewell, and Good Luck.

DONALD E. DEFFKE
Lt. Colonel, USAF
Commander

It is my sincere wish that your training at the Bartow Air Base has been such as to insure your successful completion of the Air Force Training program.

Our entire staff joins in extending congratulations and every good wish for your continuous success.

It has been a real pleasure sharing these few months working together with you in attempting to attain a degree of proficiency in flying that will lead, if pursued, first to your wings and then onward to the challenge of the future. Your task is no small one. Only courage, fortitude and stability blended with intelligence, common sense, and faith will bring ultimate success. If I have at any time been of service to you, be assured that it was my pleasure.

You have impressed me as being genuinely interested in basic religion and character development. These interests will pay life's best dividends.

I am confident that each of you will make a worthy contribution to the Air Force and to life by continuing to practice the high qualities which you have shown during our association together.

May God bless and keep each of you now and always.

L-1 SECTION

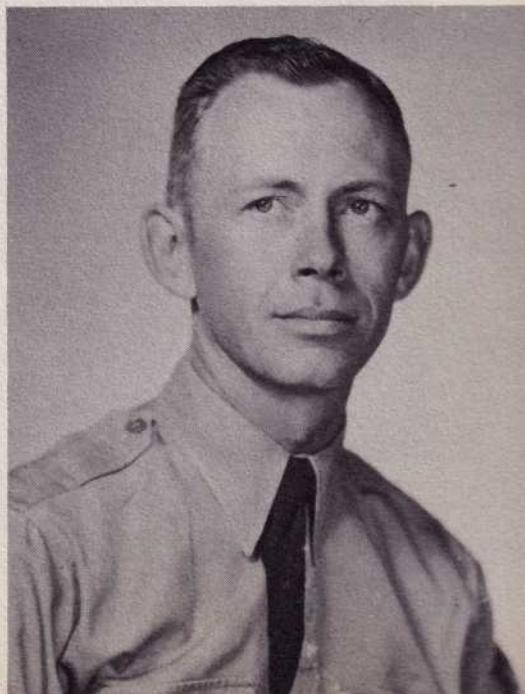

BRIEFING

HETLAND, GEORGE W. This is the gentleman who very capably took over the reins of the L-1 section in its first phase of T-6 training. To a personable man with plenty of know-how, L class's heartiest congratulations.

LYONS, AGNES Here's another who didn't get to help start L class's training, but who helped with lots of ability to finish it up. Thank you Mrs. Lyons.

WEINKAUF, WILSON E. Mr. Weinkauf, having gained a broad knowledge of flying in World War II as a fighter pilot, has done a great job passing this knowledge on to us, along with his fine spirit of co-operation and helpfulness.
